MY FAMILY

Our family is neither big nor small. It consists of my father, my mother, my brother, and me. My father, a tall man with dark short hair, is 40 years old. He works as a manager at the firm. He likes his work and spends a lot of time there. My mother, a tall and thin woman with big blue eyes and fair hair, is younger than my father, she is 38. My mother is a teacher at the secondary school. She teaches her students foreign languages: German and English. She also spends much time at school, but she finds time to cook, sew, knit, and even to help my brother and me with our homework. My brother is only 10, and he is a schoolboy.

I am 14. I am the student of the college. My college is far from our house, and it takes me half an hour to get there by bus. We are studying different subjects there, but my favourite ones are History and English. As to my appearance, I am slim and slender. My hair is fair, my eyes are blue. I look like my mother. I like to dress in a modern style. Music is my hobby. I am fond of dancing at the disco. I like to buy and read English books too. Twice a week I go to the swimming pool.

We live in Rostov-on-Don, the biggest city not only in the North Caucasus, but in the entire South of Russia. It is located on the right high bank of the Don River. We have a three-room flat in a new block of houses. There is a nice green park near our house, where we spend a lot of our free time. There are many different shops not far from our house. My brother and I often go shopping.

Our family is nice, and everybody is easy to get along with. We take care of each other. We spend much time together. Recently, we have bought a car, and now we often go down to the country to have a rest on weekends. In the evenings, all members of our family watch TV, discuss everyday problems. Sometimes we go to the theatre or to the concert.

OUR FLAT.

We live in a comfortable flat in a new house. It is on the fifth floor. It is neither large nor small. There are three rooms in it: a living room, two bedrooms. We have also a kitchen, a bathroom, and a hall. It is a great pity that we have no balcony.

Our living room is large and light because there are two wide windows in it. The walls of the room are blue, the curtains on the windows and the carpet on the floor are of the same colour. There is no much furniture there: a sofa, a table with four chairs, two armchairs, and a TV set in the corner. All the members of our family spend a lot of time there.

Our parents occupy one bedroom which is not large but very cosy. There are two beds, a wardrobe, two armchairs, and a TV set in it. There is a large thick carpet on the floor, and a nice picture on the wall above the beds.

My brother and I share another bedroom. There you can see two beds, a small desk near the window, and two chairs at the desk: for me and my brother. The bookcase is near the door. There are many books in it. Besides, we have many shelves on the walls. There is a musical centre on one of them. We have a lot of friends. And when they come to see us, we invite them into our room. We usually listen to music or play different games.

Our kitchen is big enough. As a rule, we have breakfast and dinner in the kitchen together. Our mother cooks for us, but sometimes we cook some tasty things with my brother for our parents.

The hall of our flat is not narrow. There is a big wardrobe there. And beside it there is a telephone on a small round table.

We like our flat very much.

BOOK COLLECTING

Book collecting is a popular hobby. Many people collect books because they enjoy reading and like to collect things. Private book collections have formed the nucleus of some of the world's most important libraries. Some people have also presented their collections to universities, where the books may be used for study and research. There are many types of book collections, unique or ancient book collections.

Author collections concentrate on the works of a single author. Book collectors especially value editions with the autograph of the author.

Subject collections include books on a particular subject, such as science fiction or books about sports or sportsmen. Some subject collections are vast with thousands of volumes, but most are much smaller.

Title collections consist of as many as possible editions of a single title. The editions which are translated into different languages are also included.

Unique or ancient book collections focus on books that are unusually beautiful, rare, very old, or of an unusual shape and size. These collections may contain books with unique illustrations, with rare printing styles.

Collectors find books for their collections in rare-book shops, antiquarian bookshops, secondhand bookshops, and at jumble-sales.

THE RUSSIAN FEDERATION

The Russian Federation is the largest country in the world. It occupies about one-seventh of the earth's surface. It covers the eastern part of Europe and the northern part of Asia. Its total area is about 17 million square kilometers. The country is washed by 12 seas of 3 oceans: the Pacific, the Arctic and the Atlantic. In the south Russia borders on China, Mongolia, Korea, Kazakhstan, Georgia and Azerbaijan. In the west it borders on Norway, Finland, the Baltic States, Belorussia, the Ukraine. It also has a sea-border with the USA.

There is hardly a country in the world where such a variety of scenery and vegetation can be found. We have steppes in the south, plains and forests in the midland, tundra and taiga in the north, highlands and deserts in the east.

There are two great plains in Russia: the Great Russian Plain and the West Siberian Lowland. There are several mountain chains on the territory of the country: the Urals, the Caucasus, the Altai and others. The largest mountain chain, the Urals, separates Europe from Asia.

There are over two million rivers in Russia. Europe's biggest river, the Volga, flows into the Caspian Sea. The main Siberian rivers – the Ob, the Yenisei and the Lena – flow from the south to the north. The Amur in the Far East flows into the Pacific Ocean.

Russia is rich in beautiful lakes. The world's deepest lake (1,600 metres) is Lake Baikal. It is much smaller than the Baltic Sea, but there is much more water in it than in the Baltic Sea. The water in the lake is so clear that if you look down you can count the stones on the bottom.

Russia has one-sixth of the world's forests. They are concentrated in the European north of the country, in Siberia and in the Far East.

On the vast territory of the country there are various types of climate, from arctic in the north to subtropical in the south. In the middle of the country the climate is temperate and continental.

Russia is very rich in oil, coal, iron ore, natural gas, copper, nickel and other mineral resources.

Russia is a parliamentary republic. The Head of State is the President. The legislative powers are exercised by the Duma.

The capital of Russia is Moscow. It is its largest political, scientific, cultural and industrial centre. It is one of the oldest Russian cities.

GREAT BRITAIN

The term Great Britain is used in different meanings. It may indicate a geographical object (the island of Great Britain) or a political object (England, Scotland and Wales in combination). Very often people use it in the meaning of the whole United Kingdom (including Northern Ireland as well) and in this meaning it will be used in this topic.

Geography

Great Britain is situated near the north-west coast of continental Europe. It is separated from the mainland by the North Sea and by the English Channel. The whole country occupies the island of Great Britain, the part of the island of Ireland, and many smaller islands.

Main Cities

London is the capital and most populous city of England and the United Kingdom. The state's government is situated there. The capitals of Scotland, Wales and Northern Ireland are Edinburgh, Cardiff and Belfast. The biggest cities of the UK also include Manchester, Glasgow, and Liverpool.

Government

Great Britain consists of four countries: England, Scotland, Wales, and Northern Ireland. Together, they form one state – the United Kingdom. It is a constitutional monarchy with a parliamentary system.

Presently the monarch is Queen Elizabeth II. She is the head of state, but the biggest political power belongs to the prime minister (currently Theresa May) and Parliament. The latter consists of two houses: the House of Commons and the House of Lords.

Economy

Great Britain is a developed country with a market economy, the world's fifth-largest by nominal GDP (gross domestic product). The most significant industries of Great Britain are the automotive industry, the aerospace industry and the pharmaceutical industry. The agriculture of the UK is highly mechanized and efficient (satisfies 60% of food needs with only 1.6% of the labor force).

Population

Great Britain is the 22nd-most populous country, with the population of 65 million people. They are people from various ethnic groups, including the English, the Scotch, the Welsh, the Irish, the Indian, the Chinese, various African ethnicities etc.

Climate

Great Britain has a temperate climate with plentiful rainfall. The temperature varies from -11 °C to 35 °C.

EDUCATION IN RUSSIA

All Russian people have the right to education, but it is not only a right, it is a duty, too. Education in our country is **compulsory** and now lasts eleven years. It consists of primary **education and secondary education**.

Primary education starts at the age of 6 or 7 and continues for four years. After finishing primary school pupils go on to **secondary school**. The school year starts in September and ends in May. Generally, there 4 school terms with holidays up to 10 days between them. The summer holidays last from June to September.

Most schools in Russia are **comprehensive**, which take pupils of all abilities without **entrance exams**. As a rule, students go to school 5 days a week. But there are also **specialized schools**, lyceums and gymnasiums, which give **profound knowledge** in various **academic subjects**. In lyceums and gymnasiums students study 6 days a week.

After finishing the 9th form students must take 4 examinations. Then young people can choose to stay at school, enter a college or a technical school. But to **enter a university** they have to study for two more years (either at school or at college).

Higher education in Russia. There are many colleges and universities in our country, but it is not easy to **enter a university** or college as the **competition** is rather **fierce**. Most of the colleges and universities are **public** and students do not have to pay for their education.

After 4 years of study students can pass examinations and get a **bachelor's degree**, after 5 years a **specialist's degree** and after 6 years a **master's degree**.

There are a lot of **institutions of higher education** in our country:

- the Moscow State University (Московский Государственный Университет)
- the Linguistic University, known as Maurice Thorez Institute of Foreign Languages (Лингвистический Университет, известный как Институт иностранных языков имени Мориса Терезы)
- People's Friendship University of Russia (Российский Университет Дружбы Народов)

They are well-known not only in Russia but also abroad.

EDUCATION IN BRITAIN

In England and Wales compulsory school begins at the age of five, but before that age children can go to a nursery school, also called play school. School is compulsory till the children are 16 years old. In Primary School and First School children learn to read and write and the basis of arithmetic. In the higher classes of Primary School (or in Middle School) children learn geography, history, religion and, in some schools, a foreign language. Then children go to the Secondary School.

When students are 16 years old, they may take an exam in various subjects in order to have a qualification. These qualifications can be either G. C. S. E. (General Certificate of Secondary Education) or «0 level» (Ordinary level). After that students can either leave school and start working or continue their studies in the same school as before. If they continue, when they are 18, they have to take further examinations which are necessary for getting into university or college. Some parents choose private schools for their children. They are very expensive but considered to provide a better education and good job opportunities.

In England there are 47 universities, including the Open University which teaches via TV and radio, about 400 colleges and institutes of higher education. The oldest universities in England are Oxford and Cambridge. Generally, universities award two kinds of degrees: the bachelor's degree and the master's degree.

DAIRY FARMING

Cows, like all mammals, make milk to feed their young. The dairy cow gives birth to one calf a year and produces milk for about the next ten months, provided she is milked regularly, twice or even three times a day. The amount of milk a cow gives each day varies according to breed, but 18–27 pints (10–15 liters) is average. Holsteins, the well-known black-and-white breed, are so productive that a Holstein cow can produce 20 times her own weight in milk per year – up to 10,000 liters! In this century, milking machines have revolutionized dairy farming. Today, milking 100 or more animals is only profitable if done by machine. Dairy herds have become much larger than they were only a few years ago.

In today's mechanized milking parlors, the herd is still milked twice daily, in the early morning and late afternoon, just as in the days of hand milking. Creatures of habit, cows make their way to the milking parlor with little need of encouragement. They are given the added incentive of an extra, individually measured feed of food. Eating this helps keep the cow calm during milking.

I) Read the text and match its paragraphs (A-G) with their titles (1-8). There is one title you don't have to use.

1. Body image

5. Bullies

2. School

6. Free time

3. Mobile phones

7. Clothes and looks

4. School uniform

8. Pubs and clubs

A British teenagers spend most of their time at school. Students in Britain can leave school at 16 (year 11). This is also the age when most students take their first important exams, GCSEs. They take between five and ten subjects and that means a lot of studying. They are spending more time on homework than teenagers have done before.

B Visit almost any school in Britain and the first thing you'll notice is the school uniform. Although school uniform has its advantages, by the time most teenagers are 15 or 16 they are tired of wearing it. When there is more than one school in a town, a school uniform can make differences and rivalries between schools worse.

C Music is the number one interest for British teens. But they certainly don't all like the same music! UK garage, hip-hop and new metal are all popular. Teenagers love going out too. However, finding somewhere to go isn't always easy. Pubs and clubs have strict rules for under 18-year-olds in Britain. It's no surprise that British teenagers spend more time online than European or American teens and use chatrooms to make a new friend.

D In Britain, teenagers judge you by the shirt or trainers you are wearing. Forty per cent of British teenagers love Nike 110s (trainers that cost \$110), but not for sport – for posing!

E Fifty per cent of teenagers in Britain say they have been bullied because of their race, looks, accent, intelligence or for no reason at all. Sixteen teenagers in Britain kill themselves every year because of bullying, a problem now called “bullycide”.

F Teenagers in Britain worry about their looks and their weight, like in many other western countries. Two-thirds of girls in Britain are on a diet, although only one in eight of them is overweight!

G Like teenagers all over the world, British teenagers love to chat. The mobile phone is an essential thing for most British teenagers. More than 90 per cent of 12 to 16-year-olds have one. Many experts believe that mobiles stop teenagers spending money on cigarettes and sweets.

Задание 1. Переведите приведенный ниже текст, используя словарь.

Farm machinery

Farm machinery is the machinery that is used on farms to assist with farming work. Previously, hand-held implements and animal-drawn machinery were used. In modern times, mechanized farming is the norm. Electric or fuel-powered machinery carry out most of the tasks that were once carried out by men and animals.

Using machinery is less time-consuming and more cost-effective than working by hand or using tools like scythes or animal drawn plows. Advances in farm machinery has revolutionized the farming industry. Whether it is a family farm, an organic farming enterprise or a commercial farming endeavor, a wide range of farm machinery is used. Commercial farming uses more sophisticated farming equipment than the other two.

Modern farming is not only mechanized, it is also computerized. Farmers routinely use satellite imagery, GPS guidance and electric sensors in their farming work. Advanced farming machinery reduces waste and ensure a more profitable use of seeds, fertilizer, irrigation and fuel. It has improved the production and transport of farm produce.

The most common and well-known farm machinery would be the tractor. Tractors are used to pull a variety of farm machines and equipment. Farm machinery used for soil cultivation includes the plow, the power tiller, the spike, drag and disk harrows, the chisel plow, the cultivator, the spading machine and the rock picker. These machines clear the land of stones and weeds, and loosen the soil in readiness for planting.

Задание 2. Найдите в тексте и выпишите ответы на следующие вопросы.

1. What is farm machinery?
2. What is more time-consuming and less cost-effective: using machinery or using tools like scythes or animal drawn plows?
3. What is the most common and well-known farm machinery?
4. What are tractors used for?
5. What is used for soil cultivation?
